At Dover Publications we're committed to producing books in an earth-friendly manner and to helping our customers make greener choices.

Manufacturing books in the United States ensures compliance with strict environmental laws and eliminates the need for international freight shipping, a major contributor to global air pollution.

And printing on recycled paper helps minimize our consumption of trees, water and fossil fuels. The text of *Fairy Fashion* was printed on paper made with 30% post-consumer waste, and the cover was printed on paper made with 10% post-consumer waste. According to Environmental Defense's Paper Calculator, by using this innovative paper instead of conventional papers, we achieved the following environmental benefits:

Trees Saved: 9 • Air Emissions Eliminated: 790 pounds
Water Saved: 3,803 gallons • Solid Waste Eliminated: 233 pounds

NOTE

This delightful book will transport you into the world of fairies, where you will discover that they are not only mischievous and magical—but also very fashionable! Held aloft by sturdy wings, the young women look splendid in their flower-patterned gowns, their flowing locks piled high upon their heads, or swirling about their shoulders. The young men wear tall boots, cuffed knee pants, and a belted tunic, or go barefoot as they travel through their wooded home. To make the fairy world burst with color, use colored pencils, markers, or crayons. And be sure to use your imagination as well. Enjoy!

This magical mix of winged fairies, the guardians of nature, is a wonder to behold. Dressed in exquisite designs, embellished with ruffles, leaves, and blossoms, spellbinding sprites flutter across the pages of this beautifully illustrated collection. A host of cats, squirrels, birds, and other animal friends join in the fun. The only way to improve the scenes is to add your own colors with paint or crayon.
